RE: FDA Registration Number for Rio Grande Juice Company

To Whom It May Concern:

We have considered your request to provide our facilities FDA registration; however, by company policy we will continue to keep that number confidential.

Rio Grande Juice Company (RGJ) is registered with the U.S. Food and Drug Administration under the Bioterrorism Preparedness and Response Act of 2002 and the Food Safety Modernization Act. RGJ has updated its biennial renewal on Oct 5, 2020. RGJ considers its FDA Registration Number confidential. Upon request, RGJ will provide a complete certificate for review in person at its manufacturing facility, but prohibits any third-parties from recording its registration number.

We want to assure you that food safety and product quality are of paramount importance to us, confirmed by a rigorous, validated monitoring and testing program designed to ensure the quality and safety of Rio Grande Juice Company's products before the product is released from our plant. Our third party GFSI audit confirms this claim.

Please feel free to contact me if you have any additional questions or concerns regarding RGJ FDA Registration status.

Sincerely,

Justin Simpson
Director – Operations
